Recommendation Letter

This is to certify that G6 Trading has supplied more than 160,000 water meters of different types to AAWSA during the year 2013/2014 under tender no Re-bid 21/2011. The water meters were manufactured by Apator Powogaz S. A., a water meter manufacturer based in Poznan, Poland. The water meters include multi-jet water meters, single-jet water meters, and woltman water meters.

We confirm that all water meters have been found as per our technical specification and passed the rigorous inspection and test carried out. The delivery period of the water meters has been respected as per agreed period. We also confirm that G6 Trading has managed the supply process professionally.

Should you need any further details, please do not hesitate to contact us.
